Hi Brock,

Thanks for making that change! I was informed that that distinction was important from an ethics perspective.

Hope you've been having a good holiday season.

Lon,
I have always considered you to be a member of the workgroup per the language in the original invitation and our conversations to date. If you want to be listed as a technical resource alone- then I'm happy to do so. You will see the change in the next draft of the workgroup report and any similar documentation on the website in the future.

Thanks,

Brock Tabor

Hi Brock,

Thank you for correcting my educational accomplishments!

I'd also like to add that you really need to identify me as a technical resource and not a formal workgroup member.

Talk to you soon!

Lon
